

We have three make-up mirrors on offer for sale, each with significant pros and cons and with significant price differences. Naturally large orders attract significant discounts. We are also happy to do cross hiring with no charge for goods whilst in transit. Please feel free to call and discuss.

### STM Professional Mirror

With this model we have solved the transport and maintenance issues of the older model. The STM mirror is a fully professional product designed for the rigors of touring.

These retail for \$2,500.00 incl GST

### Hollywood Classic

The Australian Standard for 25 years, these robust mirrors have stood the test of time.

The Hollywood Classic has been our Standby for 20 years but is high maintenance in regard to paint and damage. It comes with two Earth-leakaged GPOs on the front and has a bulb-holding compartment in the rear. Features include full earth leakage isolation, two power outlets and separate bulb storage for access.

Retails for \$1,750.00 incl GST

### Glamour

The less expensive "Glamour" model whilst absolutely fine is nowhere near as robust and primarily designed for owner users. The closed up case measures 575mm wide x 410mm deep x 200mm high and weighs 13.5 kg unladen. The mirror area is 335mmx 400mm.

Only \$595.00 incl GST.

Code	Dimensions			Weight	Mirror
	Width	Depth	Max. Height		
STM Pro	95cm	25cm	80cm	20kg	52cm x 42cm
Hollywood Classic	100cm	30cm	90cm	18kg	76cm x 57cm
Roadcased	100cm	35cm	100cm	30kg	
Glamour Mirror	57cm	41cm	20cm	13.5kg	35cm x 40cm
